

## Making NDC Registration easier

**Date 20.01.2026**

Lufthansa Group is pleased to inform you about an important update to our Registration Process that makes connecting your agency via one of Lufthansa Group certified Travel Tech Providers simpler and faster.

### What's new?

- Today, you can register for **SPRK** and **GDS NDC Aggregator** solutions directly on the website.
- Now you can also request access via the **Travel Tech Provider (TTP)** of your choice directly on the Lufthansa Group [NDC Partner Program website](#)

Once you have signed up with your chosen Travel Tech Provider, simply submit your request through the **Lufthansa Group NPP website**. In parallel, your Travel Tech Provider will also place a request with us, and it is important both data sets contain the same information, such as agency name, address and owner name.

### To get started:

- Visit Lufthansa Group [NDC Partner Program](#) to consult our extensive list of certified Travel Tech Providers to choose the one that fits your business needs
- Register via the respective enrolment form and share your identifiers (agency name, address, email owner name) with your TTP immediately after signing.
- Ensure your data is accurate to avoid delays.

If you have any further questions, please check the Lufthansa Group NPP website or contact your Lufthansa Group sales representative.
